DETAILED ACTION

Allowable Subject Matter

1. Claims 20-23 are allowed.
2. The following is a statement of reasons for the indication of allowable subject matter: The prior art of record neither shows nor suggests a puck member with a wing member with a first arm coupled to the circumferential wall and a second arm coupled to the first arm. The closest prior art of record, Agüero does not disclose any type of wing members. Another related reference, Vici, illustrates jaw members that resemble wing members in function, but do not include a first arm attached to the circumferential wall or a second arm attached to a first arm. There is no obvious reason to alter the jaws of Vici to include a first and second arm attached to the circumferential wall. Consequently, the subject matter of claims 20-23 is found to be patentably distinguishable over the current prior art.
